Event details

ASDAN: Key Steps, Short Courses, Vocational Tasters and International Awards

ASDAN Short Courses are flexible, portfolio-based programs designed to accredit up to 60 hours of activity and skills development across a range of topics and curriculum areas.

Short courses are multi-level; the focus is on completing challenges and skills development according to individual ability. Short courses have more than 30 programs to choose from and SCSA has a list on their website for the short courses and vocational tasters that are endorsed programs, eligible for WACE accreditation.

Vocational Tasters offer learners a concrete introduction to a range of employment sectors. Ideal for learners following an alternative progression route, these courses help learners to make progress towards their personal learning and career aims. Increasing learners' knowledge of different employment sectors will help them to make informed and long-lasting decisions about their post-school destinations. The Vocational Taster modules include 7 modules: Computing; Manufacturing; Hair and Beauty; Construction; Hospitality; Uniformed Services and Land-based Sector.

Key Steps is a comprehensive program of activities in a range of topic areas. Challenges can be selected from any of the nine modules: Identity; Community; Health; Citizenship; Environment; Personal; Finance; Enterprise; Values and Internationalism. The flexibility and range of Key Steps means that it can be followed for up to 3 years or for less than one year. A minimum of 30 hours of activity is required to claim a certificate.

This training is for teachers and education assistants who wish to engage with the ASDAN Short Courses, Vocational Tasters and Key Steps. These courses are externally moderated in Western Australia, and students may receive credit for their WACE and/or WASSA.

Course fee for Catholic and Independent Schools is $100.00.
