Department of Education

Drug Talk - Help seeking - Online

Event date range

3 December 2026 (09:00 AM to 10:00 AM)

Event details

This professional learning supports teachers to deliver effective alcohol and other drugs (AOD) education to students in Year 10 to 12.

Help-seeking is an important social skill that enables young people to know when help is needed, the type of help needed, how to access that help, and how to apply this knowledge.

Session content:

- skills of help-seeking and importance of explicitly teaching these skills.
- key concepts for teaching help-seeking skills
- evidence-based models and frameworks to better understand alcohol and other drug use.
- access to the Drug Talk teacher resource and the student online learning.

All costs are covered through funding from the Mental Health Commission.
